Knowhow offering

Title	Broadband Antireflective (BAR) Coatings for PV Application
Knowhow is available for	Preparation of Bulk BAR coating Sol and Prototype samples
Summary	
Advantages	High transmittance (>96 %) □ High weather stability (withstands humidity > 90%) □ High mechanical stability 11% enhancement was observed in daily energy output for BAR coated glass compared to uncoated glass > 2% enhancement in transmittance has been observed for single side BAR coated PV cover glass

Knowhow is listed under following categories

Knowhow from	
Scientific/ engineering subject areas	Chemical sciences & engineering
Investor interest categories	Materials Technology including Nanotechnology ; Clean/Green/ Enviro/Energy Technology
Industries	Inorganic and Hybrid materials, Inorganic materials ;
